

TUDOR ARMS PROPERTY PROFILE

APARTMENT DAMAGE

If your apartment is damaged by a plumbing leak or roof leak, the Corporation is responsible to open the interior wall, repair the plumbing line, and close the ceiling or wall. The Corporation is not responsible for any repainting as a result of apartment damage. If your neighbor accidentally overflows their bath tub and floods your apartment, the Co-op is not responsible. In this situation you would make a claim to your insurance company for the damage to your ceiling and personal property.

APARTMENT INSURANCE

The Corporation requires that shareholders maintain an apartment insurance policy that insures the personal content and provides liability coverage for their apartment. It also protects the apartment in the event of an emergency, such as fire or water damage. These policies are inexpensive and insurance carriers specializing in apartment insurance policies include Nationwide, Allstate and State Farm. These insurance companies have high ratings and have been very responsive to processing claims.

APARTMENT REMODELING

If you have plans to do any major renovation of your apartment such as a new kitchen or bathroom, it required that you complete the Co-op Apartment Renovation Form and submit it with the required Contractor's License and Insurance to the Management Office, along with a \$750 Remodeling Deposit. The Remodeling Deposit is to ensure that there is no damage to the public hallways, entrances or grounds during your renovation.

The General Contractor must have a current Westchester County Home Improvement License and a copy of the Westchester County Home Improvement License must be submitted with the Contractors Insurance. You do not want to hire a Contractor that is not licensed and insured. This requirement is for your protection. If the contractor damages the building or causes a water leak that damages surrounding apartments, you, as the apartment owner, and the Contractor would be held responsible. Westchester County has additional information on Home Improvement Contractors. Please visit their website www.westchestergov.com/consumer_homecontractors.htm.
